Special Education Needs (SEN) Policy	

Policy Reference:	NHPS.SP.025
Description:	This document outlines North Hinksey CE Primary School's policy on Special Educational Needs
Status:	Statutory Policy
Policy Audience:	Governing body, staff, parents
School Contact:	Headteacher
Other related School policies and procedures:	Statutory and non-statutory policies
Governor Committee:	Local Governing Body
Approved by Governing Body:	<i>July 2018</i>
Latest Date for Next Review:	<i>July 2021</i>
Version:	V.01
Trust Policy Level:	Policy Level 3 – ODST Statutory Policy Guidance (ALL Schools require a policy on this topic/area. All local governing bodies will follow and have due regard to this guidance when drafting their local policy)

The Oxford Diocesan Schools Trust (ODST) promotes and encourages its member schools through its Local Governing Bodies (LGB) to provide compelling learning environments at the heart of all its learning communities. They promote care and respect and expect high standards in all aspects of school life. Each school's curriculum will offer a spiritual and moral basis for the development of each pupil's potential and a sure foundation for personal and social values based on the individual. It will provide a distinctive language for understanding life in all its fullness and interpreting human experience.

Our aim is to meet the needs of children and young people in our schools preparing them for the next phase in their education as part of becoming valuable and productive members of society and prepare them for their future life in the 21st century. Providing an education which

... stretches the mind, strengthens the body, enriches the imagination, nourishes the spirit, encourages the will to do good and opens the heart to others

The Way Ahead 2001

Definition of Special Educational Need (SEN)

The schools in the trust adhere to the definition of Special Education Needs from the Code of Practice 2015 which states that;

- A child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for them.

A child has Special Education Needs if they:

- Have a significantly greater difficulty in learning than the majority of others of the same age; or
- have a disability which prevents or hinders them from making use of educational facilities of a kind generally for others of the same age in mainstream school or mainstream post-16 institutions.

Additional provision means:

Educational provision which is additional to, or different from, the educational provision made generally for children of the same age in maintained schools (other than special schools) in the area (1993 Education Act, section 156)

Children must not be regarded as having learning difficulties solely because of their home language, or form of the home language, is different from that in which they are taught.

Our school will have due regard for the Code of Practice 2015 when carrying out our duties towards all pupils with additional needs, and ensure that parents are notified when additional provision is being made for their child.

Inclusion statement

Trustees expect the leaders and governors in all of its schools to endeavour to make every effort to achieve maximum inclusion of all pupils whilst meeting pupils' individual needs.

This policy builds on the trust's Curriculum Policy Guidance which recognises the entitlement of all pupils to a balanced, broadly based curriculum. Our SEN policy reinforces the need for teaching that is fully inclusive. The Local Governing Bodies and Board of Trustees will ensure that appropriate provision will be made for all pupils with SEN.

Policy

Aims and Objectives of this Policy

- To reach high levels of achievement for all
- To be an inclusive school
- To ensure the identification of all pupils requiring SEN provision as early as possible in their school career
- To meet individual needs through a wide range of provision
- To attain high levels of satisfaction and participation from pupils, parent and carers
- To share a common vision and understanding with all stakeholders
- To give transparent resourcing to SEN
- To provide curriculum access for all
- To work towards inclusion in partnership with other agencies and schools
- To achieve a level of staff expertise to meet pupil need
- Monitor our effectiveness in achieving the above aims

We recognise that many pupils will have special needs at some time during their school life. In implementing this policy, we believe pupils will be helped to overcome their difficulties.

Admission Arrangements

In accordance with the Code of Practice 2015, our school admissions requires children and young people with SEN to be treated fairly. No pupil will be refused admission to school on the basis of his or her special educational need. In line with the SEN and Disability Act we will not discriminate against disabled children and we will take all reasonable steps to provide effective educational provision in line with the Academy Trust's admissions arrangements.

Management of SEN within ODST Schools

Governing Bodies and our school leaders have delegated responsibility for the day to day implementation of each settings SEN policy. The management of SEN is supported by the Senior Leadership Team.

All staff have a responsibility for pupils with SEN. All teachers are teachers of special educational needs. Staff are aware of their responsibilities towards pupils with SEN, whether or not pupils have a statement of special educational needs. A positive and sensitive attitude is shown towards those pupils. Staff responsibilities are identified in individual job descriptions.

In line with the recommendations in the SEN Code of Practice 2015, the SENCO is responsible for:

- overseeing the day to day operation of this policy in partnership with the senior leadership team
- co-ordinating provision for children with special educational needs in partnership with the Headteacher
- Liaising with the relevant Designated Teacher where a looked after pupil has special educational needs
- Advising on the graduated approach to providing SEN support
- Advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- overseeing the records on all children with SEN
- liaising with parents of children with SEN in conjunction with class teachers and other SEN staff
- Contributing/leading to the in-service training of staff
- liaising with external agencies including the LAs support and educational psychology services, Early Years providers, other schools, health and social services and voluntary bodies.

- Being the key point of contact with external agencies, especially the local authority and its support services of education to ensure a pupil and their parent/carers are informed about opinions and a smooth transition is planned
- managing support/teaching assistants in partnership with the headteacher
- Working with the headteacher and school Governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements

Identification and Assessment

The school follows the 2015 SEN Code of Practice graduated approach with regard to the identification, assessment and review of pupils with special educational needs. Pupils receive a differentiated curriculum and those who fail to make the expected progress are initially identified by class teachers using school tracking to monitor progress. Pupils who fail to make expected progress on the basis of accumulated evidence are placed on the School Support register at the School Support stage. Parents are consulted before this decision is made.

Curriculum Access and Provision

In order to meet the learning needs of all pupils, teachers differentiate work. They work to meet individual learning needs and to mark work, and plan homework effectively.

All pupils should have access to a broad and balanced curriculum. The National Curriculum Inclusion Statement states that teachers should set high expectations for every pupil, whatever their prior attainment. Teachers should use appropriate assessment to set targets which are deliberately ambitious. Potential areas of difficulty should be identified and addressed at the outset. Lessons should be planned to address potential areas of difficulty and to remove barriers to pupil's achievement. In many cases, such planning will mean that pupils with SEN and disabilities will be able to study the full National Curriculum.

Code of Practice graduated response

The school adopts the levels of intervention as described in the SEN Code of Practice 2015.

The Code of Practice 2015 advocates a graduated response to meeting pupils' needs. When they are identified as having SEN, the school will intervene through Early Years Support/ School Support and Early Years Support Plus/School Support Plus

Request for Educational Health Care Plan

The school will request an Educational Health Care Plan from the LA when, despite an individualised programme of sustained intervention within Early Years Support Plus /School Support Plus, the pupil remains a significant cause for concern. An Educational Health Care Plan might also be requested by a parent or outside agency.

An Educational Health Care Plan will normally be provided where, after an Educational Health Care Needs Assessment, the LA considers the pupil requires provision beyond what the school can offer. However, the school recognises that a request for an Educational Health Care Needs Assessment does not inevitably lead to an Educational Health Care Plan.

Partnership with Parents/Carers

The school aims to work in close partnership with parents and carers.

Involvement of Pupils

We recognise that all pupils have the right to be involved in making decisions and exercising choice (SEN Code of Practice). Where appropriate all pupils are involved in monitoring and reviewing their progress. We endeavour to fully involve all pupils

Links with Other Services

The Trustees would expect effective working links to be maintained with local services which advantage pupils' achievement and are needed to ensure the school provides effectively for pupils' learning. This may include local authority services, local specialist provision and other ODST schools with provision which will help pupils' learning.

INSET

In order to maintain and develop the quality of our provision, staff undertakes appropriate training. Recent courses undertaken are listed in the school diary and electronic CPD record.

Resources

The provision for SEN/AEN is funded by allocating additional funding to specific aspects of the budget including staffing, resourcing and CPD. Funds are deployed to implement the SEN policy.

Complaints

If there are any complaints relating to the provision for pupils with SEN these will be dealt with in the first instance by the headteacher. Clear procedures are set out in the Trust Complaints Policy.
